A bit late, but congrats M3J! I wish I was able to go after this cache anytime in the remotely near future. However, the metric ton of gas it would take, or failing that metric ton of airmiles kinda make this out of my league [:P]. I DID just find the Manitoba one though, which was quite nice indeed [:)].

Hope the Manitoba one didn't give you TOO much trouble, and hope you enjoyed the province. Well... all provinces, really.

And speaking of which... out of blind curiosity, are the Territories going to be finding their way into this cache at all? It's been a while since any notes have mentioned trying to get them in on it.

Well, that's that!! What a ride!

After starting this series last year and getting the eastern provincial capitals done, I headed out to Victoria in January to start the west. The family and I headed out to the Rockies at the end of June this summer and on the way tackled the remaining three provinces. After calculating the final coordinates, I waited for the opportunity to make the final grab. Since my wife had to go to Ottawa this weekend, the timing worked out nicely.

After making my way to the first stage, the scene made sense but I couldn't find the nano at first. I had wondered if I made a boo boo somewhere but after looking at another spot, I came up with it. Man, that felt almost as good as the final did...I now knew I was on track.

The cache was in the second place I decided to look, but both locations were worth spending time at anyway. I lived in Ottawa for 7 years but never did visit either of these locations so it was pretty cool!

Wow, been a while since there have been any notes posted. Anyone else in the hunt?

We're leaving Waterloo on June 28 for a 2 week trip to Alberta and back and we hope to be grabbing Winnipeg, Regina, and Edmonton along the way. If so, I'm coming for the final in August/September!!

Woot! Congratulations Traveller2005!

A FTF certificate, a beer at the next monthly he is at, 2 unactivated coins (sorry for that mix up) were what he found in the box, but until I give/tell him the other part now with the code and double check [:)] You will have to wait. [:P]

Enjoy Germany will catch you when you get back.

Amazing! Congratulations on completing the tour!! Wow! You know it was just simply an idea I had, and really hidnseek has done most of the work and deserves all the credit in keeping this thing going. During the setup and all this time I have been so busy with the birth of my son that I haven't had any time to keep my eye on this. Thank you so much hidnseek for keeping this going. Thank you to all the cache placers and those who maintain this series!!! Without all of you, traveller couldn't have complete this for the FTF. Congrats again! I don't live in Ottawa, but next time you are down the Kitchener Waterloo area, I will be happy to hold a BBQ in your honour! We'll create an event!! Let me know!

Call the year on this plaque QRST

U= S+T

cache is at:

add .QRR to the north of waypoint 5

add .USS to the west of waypoint 5

Bring a camera and enjoy the tour. That being said rather then post a picture of this cache and location, to make it that much harder, please post a picture of a different cache find. The picture can be from any cache found in CANADA!, just not of this cache.

Congrats to Traveller2005 on being FTF, dinner and beer on me!

Great White North GeoTour (Ottawa) - [GCKY96 \(FINAL CACHE\)](#)

Or follow this link for the [bookmark](#)

Team **eelow&beelow** from Ontario **came up with the idea** for a Canadian multi-cache series that would take you across Canada with stops at each of the capital cities of Canada. The final placement was a team effort of **hidnseek** and **geosquid**. **Please email me before looking for the final so I can confirm it is okay and put a special prize in.** After finding all the clues and travelling here, I want to make sure the cache is okay between long periods of finds. **This cache is rated 5/5 due to the fact you have to find 10 other caches but really is about 1.5/2 once here. Give yourself 2hrs to walk and complete this cache, more if you do other caches and see sights along the way. In the summer you may want to rent a bike. Best done on bike or foot.**

IF you have not found ALL (logged) the provincial caches before the final your log will be deleted!
